One day in autumn he came back to the school. He went in by the garden door, which gives on the path through the fields to Roke Knoll. It is a curious thing about the Great House of Roke, that it has no portal or grand entryway at all. You can enter by what they call the back door, which, though it is made of horn and framed in dragons tooth and carved with the Thousand-Leaved Tree, looks like nothing at all from outside, as you come to it in a dingy street; or you can go in the garden door, plain oak with an iron bolt. But there is no front door. "We do not teach women here," said the Windkey. "You know that." look at her as she came into the room. "Your turn to talk," she said, looking at me over her cup. The great guilds, since their network covers all the Inner Lands, answer to no overlord or authority except the King in Havnor. Of late, entering always deeper into the mysteries of a certain lore-book brought back from the Isle of Way by one of Losen's raiders, Gelluk had become indifferent to most of the arts he had learned or had discovered for himself. The book convinced him that all of them were only shadows or hints of a greater mastery. As one true element controlled all substances, one true knowledge contained all others. Approaching ever closer to that mastery, he understood that the crafts of wizards were as crude and false as Losen's title and rule. When he was one with the true element, he would be the one true king. Alone among men he would speak the words of making and unmaking. He would have dragons for his dogs. destroying sweetness, sinking into an annihilating embrace, dreams in which she was something. "Yes -". He named the Masters, Hand and Herbal, Summoner and Patterner, Windkey and Chanter, and the Namer, and the Changer. "The Changers and the Summoner's are very perilous arts," he said. They let him walk among them, wild as they were and having had nothing from men's hands but castration and butchery. He had a pleasure in their trust in him, a pride in it. He should not, but he did. If he wanted to touch one of the great beasts he had only to stand and speak to it a little while in the language of those who do not speak. "Ulla," he said, naming them. "Ellu. Ellua." They stood, big, indifferent; sometimes one looked at him for a long time. Sometimes one came to him with its easy, loose, majestic tread, and breathed into his open palm. All those that came to him he could cure. He laid his hands on them, on the stiff-haired, hot flanks and neck, and sent the healing into his hands with the words of power spoken over and over. After a while the beast would give a shake, or toss its head a bit, or step on. And he would drop his hands and stand there, drained and blank, for a while. Then there would be another one, big, curious, shyly bold,

muddy-coated, with the sickness in it like a prickling, a tingling, a hotness in his hands, a dizziness. "Ellu," he would say, and walk to the beast and lay his hands upon it until they felt cool, as if a mountain stream ran through them.."It's the first time I ever saw one. . . The mare put her head down and shivered all over with relief. "What did you keep her standing there in the middle of the dogs for?" the woman demanded furiously. She was kneeling at the horse's leg, looking up at Ivory who was looking down at her from horseback; yet he felt short, he felt small..preventing himself and for having to be prevented..".Enough of that, my dear," Dulse said, laying his hand on it. "Come now. No wonder I kept thinking about Silence. I should send for him ... send to him ... No. What did Ard say? Find the center, find the center. That's the question to ask. That's what to do..." As he muttered on to himself, routing out his heavy cloak, setting water to boil on the small fire he had lighted earlier, he wondered if he had always talked to himself, if he had talked all the time when Silence lived with him. No, it had become a habit after Silence left, he thought, with the bit of his mind that went on thinking the ordinary thoughts of life, while the rest of it made preparations for terror and destruction..The Herbal, and I too, judged the Summoner dead. True Runes are not symbols only, but reifactors: they can be used to bring a thing or condition into being or bring about an event. To write such a rune is to act. The power of the action varies with the circumstances. Most of the True Runes are found only in ancient texts and lore-books, and used only by wizards trained in their use; but a good many of them, such as the symbol written on the door lintel to protect a house from fire, are in common use, familiar to unlearned people..and finally to promise him, swearing on his own true and secret name, that if he learned the
