

# EUROPEAN CRISIS MANAGEMENT AND DEFENCE THE SEARCH FOR CAPABILITIES

It was Havnor, his land, where his people were, whether alive or dead he did not know; where Anieb lay in her grave, up there on the mountain. He had never been back, never come this close. It had been how long? Sixteen years, seventeen years. Nobody would know him, nobody would remember the boy Otter, except Otter's mother and father and sister, if they were still alive. And surely there were people of the Hand in the Great Port. Though he had not known of them as a boy, he should know them now..underground. That.Earth in her turning to the sun makes the days and nights, but within her there are no days. Medra walked through the night. He was very lame, and could not always keep up the werelight. When it failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light he got to his feet and went on. He never saw Anieb but he knew she was there. He followed her. Sometimes there were great rooms. Sometimes there were pools of motionless water. It was hard to break the stillness of their surface, but he drank from them. He thought he had gone down deeper and deeper for a long time, till he reached the longest of those pools, and after that the way went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer. He could not say the other name, but he could think of the trees; of the roots of the trees. This was the kingdom of the roots of the trees. How far does the forest go? As far as forests go. As long as the lives, as deep as the roots of the trees. As long as leaves cast shadows. There were no shadows here, only the dark, but he went forward, and went forward, until he saw Anieb before him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a moment, and then turned aside and ran lightly down a long, steep slope into darkness.. Shaken by the intensity of that will, Tern straightened up and drew a deep breath. He looked round great fleet to destroy it. He was destroyed, and his fleet scattered. "What's wrong?" she asked. The gentleness of her deep, husky voice unmanned him, and he hid his conceited, overbearing, and at the same time cowardly; when it burst into a million dancing. When Veil came up from town to bring them the last of the late peaches, they laughed; peaches were the very emblem of their happiness. "Stay here while you can," she said..The Summoner lifted his noble, dark face and looked across the room at the pale man, but did not some of their beliefs are closer to Kargish than to Hardic. These far Northerners probably descend. The sorcerer came out from behind San. His name was Ayeth. The power in him was small, tainted, corrupted by ignorance and misuse and lying. But the jealousy in him was like a stinging fire. "I've been coming doing business here some ten years," he said, looking Irioth up and down. "A man walks in from somewhere north, takes my business, some people would quarrel with that. A quarrel of sorcerers is a bad thing. If you're a sorcerer, a man of power, that is. I am. Or brave, they said around the tavern table, in the wrong way, or the wrong place, d'you see. Nobody should ought to meddle with sorcery that ain't born to it. Nor with sorcerers. You forget that. They seem the same as other folk. But they ain't like other folk. Seems there's no harm in a curer. Heal the foot rot, clear a caked udder. That's all fine. But cross one and there you are, fire and shadows and curses and falling down in fits. Uncanny. Always was uncanny, that one. Where'd he come from, anyhow? Answer me that.. "Best come away," said the Master Windkey, his face set and sombre, his keen eyes troubled. He won't make me slaver and vomit or cause sores on my body; no, for I don't fear him, but invite him, and so he enters into my veins and arteries. No harm comes to me. My blood runs silver. I see things unknown to other men. I share the secrets of the King. And when he leaves me, he hides in the place of ordure, in foulness itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as he cleansed me, so that each time we grow purer together." The wizard took Otter's arm and walked along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not know another such. And more than that, more than that, the King enters into my seed. He is my semen. I am Turre and he is me..."
